

Supply Admin is the nerve center for the department by providing the leadership, direction and policy guidance to ensure the best supply support for the ship and air wing team. S-o Division provides administrative assistance to the Supply Officer and his primary assistants. This division also musters over 600 personnel attached to the Supply Department, processes evaluations, leave and request chits, edits and routes all correspondence, updates personnel information in the ship's database, and tracks departmental personnel gains and losses.
