

# The Ship and Her Crew

Commander J. N. Shaffer, USN  
Commanding Officer

## Captain's Message

LOOKING AFT is full of many people, places and events you will all want to remember as being associated with the Stormes' operations with the United Nations Forces in the Korean War, and our trip around the world. I know all of you and your families and friends will value these memories and treasure them in future years. I congratulate the Editors and Staff and contributors to LOOKING AFT for their hard work which created this Cruise Book.
